Subject: Rescheduled Rico mtg 1/15 Weds at 10:00

Greetings Rico parties,

We had scheduled a meeting for Tuesday Jan. 14. Since that time Erna Waterman has been directed to work with us on this project but she can't make it on Tuesday. We have rescheduled our meeting for January 15 Wednesday at 10:00.

The purpose of the meeting will be to develop a strategy and schedule for EPA activities in the Rico area. Our first action will be a meeting with the State of Colorado.

As many of you know, on November 20 the town of Rico sent a letter requesting action by federal and state agencies to use authorities under the Clean Water Act, CERCLA and any other support we can give. They specifically requested that we schedule a meeting in Rico to discuss:

1. Status of enforcement activities
2. Settlements with the Webster and Sell estates,
3. The Superfund process
4. Magnitude of contamination to the Dolores Watershed.

We have the opportunity to do some real innovative, exciting work at this site. See you there.
